## INSISTS GREECE UNITED NATION

New Cabinet Members Working Over-time to Establish New Regime and Former Officers

"No Longer Endeavoring To Assassinate Others" Says Premier

(By Associated Press)

Athens, Greece, November 22. — Members of the new Greek Cabinet are working overtime to establish the new regime and to reinstate thousands of functionaries and military officers removed by former Premier Venizelos.

Apparently the new ministry is attempting to pursue a policy of moderation toward followers of the former premier. An indication of this sentiment may be found in the retention of Sterialis as governor of Smyrna.

"Please call the attention of America to the fact that the nation is now united," said Demetrius Gounaris to the Associated Press today.

"This is shown by the joy over the nation's deliverance during the past few days. We are no longer trying to assassinate others, as M. Venizelos predicted, because of his non-election. It is time nations quit wars and agree to work again."

## MALT AND HOPS DEALERS TOLD SALES LEGAL

No Ruling Confining Sales To Bakers and Confectioners Is Word Given Out

(By Associated Press)

Columbus, O., November 22. — Kramer & Bettmann, Cincinnati attorneys, counsel for malt and hops dealers in Ohio, in a communication received by local dealers today assert "there is no ruling either by the prohibition enforcement department issued or in contemplation that limits sale of malt extracts, hops, etc., to bakers and confectioners."

The representatives were sent to Washington by a Cincinnati concern. Their conclusion they said in the letter, was reached after "full conferences with officers of the prohibition enforcement office."

"We found the entire reliance of the prohibition enforcement office is upon the language of the Volstead act which prohibits the sale of any substance 'intended for use in the unlawful manufacture of intoxicating liquor.'"

War Office Planning to Use More Troops to Preserve Order in Emerald Isle

List of Dead Following Dublin Riots Placed at Twelve Persons

Assassination Of Police Officers Continues

(By Associated Press)

London, November 22. — The sending of additional troops to Ireland is being seriously considered, it was stated at the War Office this afternoon.

London was waiting anxiously and tearfully this morning for further news from Dublin, following the reports of yesterday's horrors, but up to early afternoon but meager dispatches had been received.

Reports to the Irish office from Dublin were that three or four unidentified persons had been killed in that city late last night.

Several policemen had been killed in other parts of Ireland, the Irish office announced. A brief telephone message at eight o'clock this morning reported the city at least temporarily quiet.

Meager reports during the night stated shooting was going on as a sequel to yesterday's assassinations and subsequent clashes between the military and a crowd at Crooke Park.

Sir Hamer Greenwood, chief secretary for Ireland, was in conference during the morning with members of the Cabinet, preparing a report which he expected to bring up in parliament today relative to yesterday's disorders.

A dispatch of the Press Association from Dublin this afternoon placed the number of dead resulting from the Crooke Park shooting at twelve.

## POLISH-RUSS NEGOTIATIONS COME TO A HALT

(By Associated Press)

Riga, November 20. — Peace negotiations between Soviet Russia and Poland were interrupted today.

Adolph Joffe, head of the Bolshevik delegation, told M. Dombbski, chief of the Polish representatives, that the work of arranging for a permanent peace could not proceed until Poland loyally fulfilled her promise to withdraw troops to her borders.

## ARMED BANDITS OBTAIN \$5750 IN PITTSBURG

Enter Bank in Residence District And Make Escape

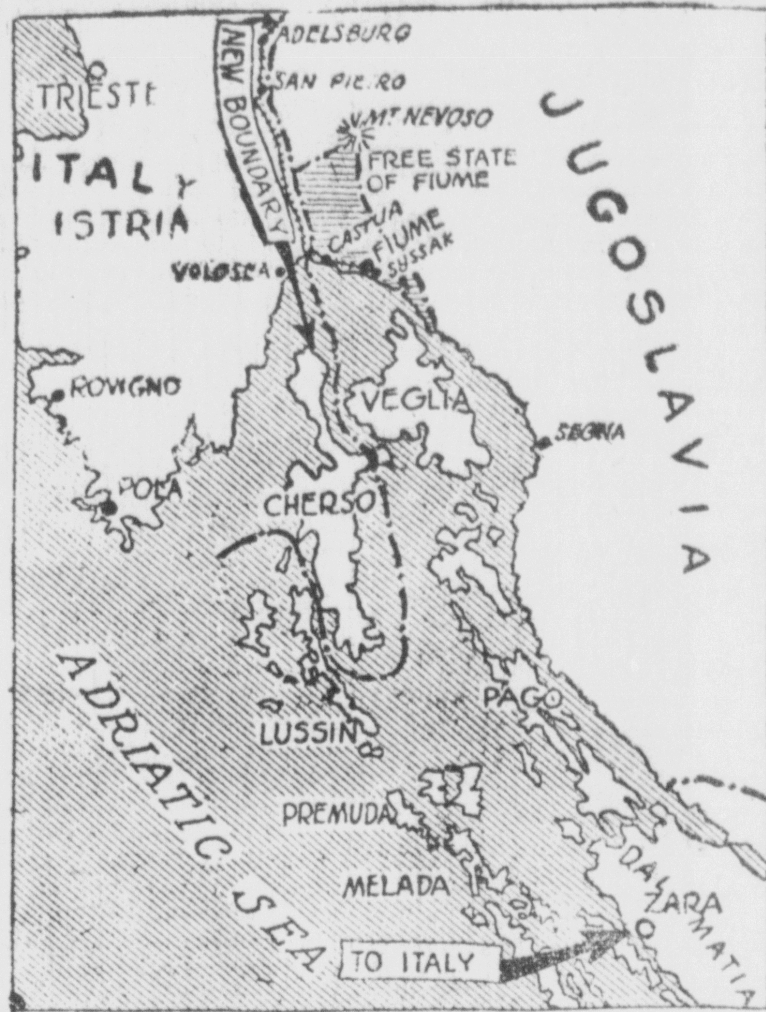

(By Associated Press)

Pittsburg, November 22. — Three armed men today entered the Pennsylvania Avenue branch of the Metropolitan Trust Company here and after covering Cashier James Rodgers and two girl clerks with revolvers, gathered up \$5,750 in cash from the counters.

They then backed out of the room, jumped into an auto and drove rapidly away.

The bank is located in a residence district and after the robbery the gang made their way to the downtown business district where the police say all trace of them was lost.

## SETTLING THE ADRIATIC DISPUTE

Arrows and dotted lines indicate main points in settlement.

The settlement of the Adriatic problem by Italy and Yugoslavia, agreed to at Rapallo recently, makes the following dispositions of territory, according to a state department announcement: "With the exception of Zara and Cherso, which go to Italy, Yugoslavia obtains Dalmatia, including Sebenico. The new frontier assigns Idria, Adelsburg, and San Pietro to Italy and runs through Monte Nevoso to the Adriatic, which it touches between Volosca and Castua—the latter being given to Fiume. The Istrian line of frontier is to be contiguous with the independent state of Fiume. The railway from Fiume to San Pietro is assigned to Italy. The country south of Monte Nevoso is divided between Yugoslavia and Fiume, on a basis whereby the higher altitudes go to Yugoslavia and the lower altitudes to Fiume. Yugoslavia also will get Longatico and the adjacent valley."

## MARKET AGAIN AT NEW LOW

Feverish Trading in All Grains Results in Further Decline

(By Associated Press)

Chicago, November 22. — Feverish trading and new low record prices gave evidence today that the period of deflation had not yet spent its force in the grain market here.

All cereals showed hesitation at the outset this morning but the rallies were of brief duration and were followed by sudden downward trend.

Wheat dropped below any price since 1917 and corn and oats lowest since 1915.

More than five cents a bushel was sliced from the value of wheat within an hour, December delivery changing hands as low as \$1.63 1/2 as against \$1.68 to \$1.69 at the finish Saturday.

Scarcity of buyers owing to disturbed general business conditions appeared to be the chief depressing factor.

## HUNDRED ARRESTS MADE IN CHICAGO

(By Associated Press)

Chicago, November 22. — Nearly a thousand persons were under arrest yesterday as a result of the biggest roundup of criminals in Chicago in many years. The drive was started at midnight last Saturday night by Charles Fitzmorris, new chief of police, and followed a recent wholesale shakeup of the police force.

## HARDING NEAR THE CANAL ZONE SEA IS SMOOTH

President-Elect's Ship Will Dock Tuesday Morning

Will Remain At The Canal For Five Days

(By Associated Press)

On Board Steamer Parismina, November 22. — President-elect Harding's voyage to Panama was nearing an end today, with the Parismina riding in a smooth sea on a schedule that would bring her into Cristobal early tomorrow morning.

Plans for the five-day stay in the Canal Zone so far are incomplete, but one feature will be a trip through the canal, probably on a government tug.

## ARMENIA WILL GET ATTENTION BY THE LEAGUE

(By Associated Press)

Geneva, Switzerland, November 22. — A resolution presented by M. Viviani inviting the council of the League of Nations to confer with the various powers with a view of constituting a force sufficient to put an end to hostilities in Armenia, which was joined to Lord Robert Cecil's resolution along the same lines, was adopted by the Assembly of the League this afternoon.

Washington, November 22. — The Supreme Court today advanced to January 3rd arguments in the case of Senator Truman Newberry, of Michigan, and others convicted of violation of the corrupt practices act.

Twenty-Six Are Killed, Seventy Others Seriously Injured In Dublin Riots

Fires Break Out in City Following Day of Riot and Murder

Many Killed and Injured During Day.

(By Associated Press)

Dublin, Ireland, November 22. — Twenty-six are dead and 70 others are in hospitals as a result of Sunday's orgy of assassinations and the wholesale shooting in Cooke Park where soldiers fired on the crowd which had gathered to witness a football game between the Dublin and Tipperary teams.

Dublin's apprehensions that reprisals would follow last night proved unfounded and it is believed government reports of three or four killings in the city after midnight were due to their confusion with outrages near Dublin.

## SUNDAY'S RIOTING

(By Associated Press)

London, Nov. 21. — Fire broke out in Dublin this evening at various places, says the Dublin correspondent of the Daily Mail. Twelve persons were among those arrested today.

The Mail says arrangements are under way to send large reinforcements of troops to Ireland, and that the opinion is held in official quarters that the danger of assassinations is spreading to England.

## MANY ASSASSINATIONS

(By Associated Press)

Bublin Nov. 21. — Became the scene today of far-spread murder and reprisal. Not since the first outbreak of the vicious civil warfare that has been shedding blood in Ireland, have the assassinations been so concerted or the retaliations so swift and pronounced.

Shooting again started in the streets just before midnight, and a number of persons were reported killed in these new disorders.

Not less than fourteen men are dead in attacks arranged simultaneously all over the city this morning. The method was the same in each case, and all the men assassinated were officers or former officers of the government.

Small bodies of men, numbering generally from six to eight, presented themselves at various houses, called their victims out or entered and shot their victims in bed, while dressing or at breakfast.

## BATTLE IN PARK

In the afternoon, while a football match was in progress at Croke Park, sixteen lorries filled with auxiliary police moved swiftly up and surrounded the place, and in shooting and the resulting panic ten persons were killed and sixty-five injured, according to a semi-official report.

Within the part the great assembly of fifteen thousand immediately went into a panic and a number were killed.

## CLAIM RUIN IS FACED BY ROADS

Attorneys Say New England Roads Have Lost Millions

Ask Re-arrangement of Freight Rates.

(By Associated Press)

Washington, November 22. — Unless immediate financial relief is afforded the New England railroads "all or most of them will very shortly be driven into receivership" the Interstate Commerce Commission was told by Chas. Choate Jr., and Wilbur LaRoe Jr., counsel for the lines.

The Commission was told that the actual returns to the roads in September and estimated returns for October under the increased rates granted under the transportation act confirmed that the income received by the roads was not sufficient to meet their requirements.

As one means of relief the roads asked for a readjustment of the division of freight rates on through traffic between roads east and west of the Hudson river. In this request the roads were joined by R. T. Higgins, chairman of the Connecticut Public Utilities Commission and Henry C. Atwell of the Massachusetts Public Utilities Commission.

Counsel for the roads said that for eight months ending August 31st the actual deficit in the net income of the roads excluding the Boston & Albany, a part of the New York Central system, was \$23,674,676 and that estimates for next year showed a net railway operating income of about \$10,000,000 or \$40,000,000 less than the net railway operating income required by the transportation act to show six per cent on a fair value of the property.

## FRANCE WILL NOT USE FORCE TO HALT GREEK KING

Joint Protest Probably Will Be Sent to Greece Making Protest

Plebiscite Expected to Eliminate Constantine

(By Associated Press)

Paris, November 22. — The French Government will not oppose by physical force a return of former King Constantine to the Greek throne, which the Foreign Office now regards inevitable, the Associated Press was informed today.

It was stated that Premier Leygues will advocate at his meeting with Premier Lloyd George of Great Britain that a joint note be sent to the Greek people pointing out to them "very strongly the consequences of Constantine's restoration," prominent among which would be the withdrawal of all financial and economic support to Greece.

The Foreign Office is convinced a plebiscite to be held on the question of Constantine's return will overwhelmingly favor the proposition and this has caused a change in the French attitude.

## WESTERN UNION APPEALS

Asks That Secretary Daniels Be Restrained From Stopping Work On Cable

(By Associated Press)

Washington, November 22. — The Western Union Telegraph Company applied to the District of Columbia Supreme Court today for an injunction to restrain Secretary Daniels from interfering with construction of a telegraph cable between Miami and Miami Beach, Florida.

The company also asked the court to require the naval secretary to instruct subordinate officials and naval officials to cease threatening to destroy the cable if laid.

The company pointed out that the requested injunction would cover a different cable line from the Barbados cable, the laying of which was prevented several months ago by sending warships to Miami.

The Western Union Company further declared the cable now in course of construction was a replacement of an existing line which had been in operation since 1898, that \$100,000 had been spent in the work and that this expenditure would go for naught unless the Navy Department were engaged from interfering with completion of the work.

## MOTHERS WHO WORRY SHOULD READ THIS LETTER

It Proves That Vinol Will Build Up Frail, Ailing Children

Mrs. L. Andrews, Bainbridge, N. Y., says: "My little daughter was run-down, tired all the time, pale, thin and nervous, and had headaches so we had to take her out of school. Vinol has built her up. she has a good appetite no more head aches, her color is good and she has returned to school."

Vinol owes its success in such cases to the tissue-building extractives of fresh cods' livers, without oil, aided by the blood and strength-creating elements of tonic iron, beef peptones and glycerophosphates which it contains.

Thus in a natural manner it creates a healthy appetite, aids digestion, makes rich, red blood and the result is a good healthy color, strength and vitality. Adv.

## PAGEANT HAD DEEP MEANING TO ONE FAMILY

To the one thousand people who saw the pageant "The Red Cross of Peace" at the high school auditorium Friday evening it was a beautiful play with the Red Cross spirit ever prevalent in each scene, but there were two persons in the audience to whom it had a deeper meaning and into whose eyes the memory of dark days brought tears.

It was Rev. and Mrs. D. H. Rejy whose family was saved from famine and whose reunion was finally accomplished through the channels of the Red Cross in Armenia, that the pageant was most emblematic of the "Greatest Mother in the World". Through her their sufferings were ended and a happy home in America became more than a dream.

Especially touching to Mrs. Rejy was the scene where scores of little ragged tots, weak from famine and staggering from disease, were made well by the Red Cross spirit. It recalled scenes identical, but horrible in their reality, that she witnessed not many months ago in her own native land.

It is to blot out everywhere, but from memory, such scenes as Mrs. Rejy recalled that the Fayette Red Cross Chapter is asking citizens to rally to its support in the Fourth Roll Call. Fayette people must unite in the enrollment to put this county "over the top".

The enrollment ends Thanksgiving Day.

make less trips to the repair man for these reasons: The plates are extra heavy and do not buckle easily; the case is of seasoned hard wood and takes the vibration away from the vital parts inside; the chemical action is such that the battery seldom heats and heat is what plays havoc with the plates and separators; and the separators of the Cooper are of specially selected, seasoned and prepared CEDAR, the recognized best.

## SAYS REAL STUFF SOLD FROM TRUCK HERE SATURDAY

Shows Quart Purchased For \$12.50 When Asked For Proof.

Declares Many Others Laid In Supply At The Same Price.

According to a story related by a local man Monday, and he had "proof" for his assertion, whisky was sold in this city Saturday night from a truck which contained case after case of the "unobtainable."

This citizen says that he was approached Saturday evening in his place of business and asked confidentially if he would buy a "quart of the real stuff." He was told that for the sum of \$12.50 his wish would be granted and the transaction was made.

This man also declared that the whisky was being hauled in a large motor truck under whose big top the cases of 100-proof were piled high. He supposed, he said, that the two men in charge were bringing it up from Kentucky.

Asked for proof of his story the man produced the quart. It was "Medallion" whisky, 100-proof. The seal indicated that it was bottled in Kentucky in 1920.

Not like the ordinary liquid familiarly known as "white lightning" which is in circulation since the nation went dry, this was whisky of the familiar cast and although the purchaser of the quart had not opened it, he said it looked natural.

It was also confided by this same citizen that many others had purchased from the truck and that they had also paid \$12.50 per quart. He even intimated that one man had bought a case.

## VANCE LAND SELLS AT \$160.10 ACRE

The Hal Vance farm of 108.91 acres, located on the Greenfield pike a few miles south of this city, Saturday afternoon was sold at public auction at the court house for \$160.10 per acre, John W. Bryant making the purchase, the total price being \$17,434.89.

The farm in question, while needing some improvements, had a new house and barn and an old brick house upon it, and was appraised at \$210 per acre.

The price paid is said to indicate a noticeable shrinkage in farm land values in Fayette county.

## WEATHER FORECAST AGAIN GOES AWRY

The weather man once more missed his forecast for the beginning of this week, having forecast fair weather for the first few days.

The storm king upset the plans of the weather man as early as Sunday, and by Sunday night late the rain was pouring down.

Monday the forecast was for more rain, turning to snow during Monday night or Tuesday, and colder Tuesday.

Wear it swathed closely about the figure or allow its loose, graceful lines to hang unrestrained and the result is in each case the same—inexpressible chic. Deftly developed of duvetyne, evora, fortuna and other fabrics soft to the touch these wraps are tempting values at their present markings.

### Beautiful Windows Are A Big Part of Beautiful Homes

Colorful, harmonious window hangings and draperies mean so much! They give atmosphere to the room. The most elaborate furniture is disappointing if it is not reinforced with artistic draperies. Even modest furnishings will assume a "finer tone" if drapery decoration is correct. From our large selection of rich appropriate drapery materials you can select patterns and designs that will give the right touch of color and attractiveness to your home.

SANTA CLAUS

has been here children! Yes, he brought just about everything from his home among the icebergs. Dolls? Why there are so many you will hardly be able to count them. Dolls that can walk and some that can say mamma when you press them. They're just as cute as can be. Santa has remembered all about the good little boys, too. He wants you to come and see him and to pick out from all these dandy playthings just what you want for Christmas. Here are engines that go by electricity, building sets, soldier suits and about a thousand other things we know you would like to receive for Christmas.

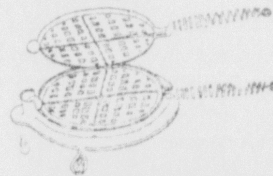

### Who Expected Prices on Blankets Like These?

We are frank to say we did not; but one wholesale firm who regularly supplies us, made very low prices to clean up their stock. We placed one order, but as the values were so unusual, we duplicated the order so we would have an ample supply. If you are in need of Blankets (and most people are, for blankets were not bought in large quantities during the period of high prices), either attend this sale or send your order by mail.

This line of Blankets is offered in a range of sizes and are finished with a deep, soft nap, crocheted edges and may be had in either tan or grey and in some sizes we have white.

### Waffles Are Delicious and Simple to Serve

The entire family will enjoy waffles, and you can serve them steaming hot with very little trouble if you have one of these waffle irons. Folks do like waffles. So much so that throughout the country there are lunch rooms which serve waffles exclusively. Get one of these waffle irons and give the family an agreeable surprise. Prices at \$2.48 and \$2.89.

### Glassware in Special Pieces, and in Sets

Very rare indeed is the home that does not need new glassware at this time, either to replace the items that have become broken, or to freshen up and enlarge the family supply. And very rare indeed is the woman, who will fail to find the very pieces or sets she longs for in this display. It is an unusually complete stock of a variety of attractive designs and in a very satisfying and varied price range.

### Children's Clothes Designed for Winter Service and Comfort

Children must have new clothes for the winter months; clothes which should be sturdily made for active wear in snowy and "blizzardy" weather; clothes that are warm and comfortable enough to protect tender little bodies from the cold. Here are hosts of such clothes, tirelessly gathered with full consideration of all the qualities and niceties which mothers demand in their young daughters' apparel.

## FUNERAL SERVICES JOSEPH FULTZ

A number of relatives gathered with old friends at Grace M. E. Church Monday morning for the funeral services of Mr. Joseph Fultz.

Rev. Alexander conducted the services, speaking warmly of the cheerfulness and spirit of sunshine with which the dead had borne seventeen years of helplessness and blindness and the wonderful devotion of the mother love which cared for him.

Miss Jessie Sunkle sang "Nearer My God to thee" and "I love to Tell the Story," with Mrs. Alexander at the piano.

Relatives who came from a distance were Mr. and Mrs. Walter Drake, Mr. and Mrs. Glenn Cherry and son Teddy, Mrs. P. A. Delong of Columbus, Mrs.

Rebecca Vincent, of Auburn, N. Y., Mrs. May Swelgerman, of New Holland, and Mr. George Smith of Jeffersonville.

The burial was made in the Washington cemetery with the pall-bearers, five brothers-in-law and one nephew, Messrs. Thomas Merritt, Fred Snider, Glenn Cherry, Virgil Mitchen, Jesse Milev, Walter Drake.

## The Speculators Are Hit

These are troublous times for the speculators. During the few weeks last passed the speculators of the country have lost hundreds of millions of dollars because of falling prices. The stock market speculators as well as those who seek to corner foodstuffs, clothing, material and commodities of all kinds, raw and manufactured, have all been taken over the bumps by the force of natural trade laws rapidly assuming domination over the long disordered business affairs.

In the crashes which have been so numerous during the past two weeks the decrees of the good old law of supply and demand, have recognized no favorites. The big speculator has got his along with the "pikers" in the game of chance.

The trade laws, now that they have again assumed jurisdiction, have done more in a few weeks to beat down prices than all the talk of orators and statesmen, all the probes and investigations and all the "anti" laws, during three years time.

The speculators and the profiteers scorn the feeble efforts of law-makers and politicians to curb their greed and rely upon the pull of favoritism to escape the consequences of their wrong doing. They will take any chance which can hold back the strong arm of the law of supply and demand and that law has always been available to the people if they would but call it into force.

We have much more confidence in the efficiency of the laws of trade—supply and demand—which, after all, is only the will of the people to bring reforms, than we have in all the agitation. Events of the past two weeks are proof that that confidence has not been misplaced.

When the speculators go to the wall the market prices settle down to a figure decreed by public demand.

## Running In Circles

Our governmental machinery speeded up to the demand of war time has been, it seems, unable to slow down. Officials seem to be content to allow things to drift along. Since the big strain of war time has been removed the drab existence of ordinary life does not seem sufficient to inspire the efforts of those in charge of the government.

Some of the spasmodic activities would be laughable if they were not so harmful and costly.

As an instance the federal officials of the department of justice, get very active in isolated spots investigating prices charged for coal. In Cleveland right now an investigation is on against the local dealers where coal is being sold for prices ranging from nine to fifteen dollars a ton. Where the coal dealers accept just as much as a famishing public will bid to get coal.

At the same time the failure of the Interstate Commerce Commission to regulate car supply and live up to its promises regarding priority orders has brought about the very condition which causes the people in Cleveland to bid any old price for coal.

The department of justice probing for facts seeking to remedy conditions which another branch of the government has brought about by negligence.

Running in circles and getting nowhere seems to be the chief occupation of the federal government at this time.

## Ohio Again To The Front

This year 1920 has brought high honors to this grand old Buckeye State of ours. Three political parties chose Ohio men as nominees for president of the United States. An Ohio man is the president-elect and will, after March 4th next be the nation's chief executive for the next four years—maybe longer than that. An Ohio base ball team won the championship of the American League and subsequently in early October the championship of the world.

Now to finish out the glorious year the foot ball championship of the Western Conference comes to the Buckeye land by reason of the victory achieved by the Ohio State University eleven over the Illinois University team at Urbana, Illinois, on Saturday. Nineteen twenty has brought a handsome collection of honors to our hall of fame.

Ohio folks should be proud. They are proud. Proud of their achievements in the field of politics and clean sport and proud of the good judgment of the nation in looking to Ohio for the best in all lines.

## POETRY FOR TODAY

### DOWN BY THE SEA

I love the sea on a troubled day,  
Gray and green, green and gray,  
With a single faraway sail insight,  
White and alone, alone and white,  
And the seagulls resting a little space  
On the rocks, then away with their  
weird, wild grace.  
I love the sea on a troubled day!

I love the sea on a happy day,  
With the tossing foam and the dancing spray;

For the waves more sunshine than they can hold,  
Gold and blue, blue and gold,  
And the voices of children, shrill with glee,

At play by the frolicking, changing sea,  
Then the tranquil sea, subdued, serene  
Green and blue, blue and green.

I love the sea on a happy day!  
Oh, I love the sea whatever the day,  
Blue, and gold, and green, and gray,  
And it matters but little—the things that be,

I'm in love with the sea—I'm in love with the sea!

# HARDING HAS PUT ALL STATE AFFAIRS ASIDE DURING VACATION

Steady Flow of Announcements Is Fully Expected

When He Returns to Marion Next Month

Will Work Hand-in-Hand With Newly-Elected Senate

BY MARK SULLIVAN  
(Copyright 1920)

Washington, November 22.—It is no secret that Senator Harding in his speeches in New Orleans just before he sailed for the Canal Zone, was expected to say something about the financial and business situation. It had been announced in the dispatches that he would. I have just returned from New Orleans, where I was in touch with Mr. Harding and his party, and I suspect those announcements had no more foundation than the wish on the part of some that Mr. Harding would do this.

Undoubtedly a good many passionate messages have been going to the vacation party suggesting that the President-elect say something that would be soothing to persons writhing in the pains of deflation. Some of the suggestions have gone so far as to point out that it would help if Mr. Harding would appoint at least his Secretary of State and his Secretary of the Treasury at once and let them announce their plans for the new administration's foreign and fiscal policies.

Doubtless it would help to stabilize things if business men could know just what the programme is to be as respects foreign trade and international taxation. At the same time to appoint these two members of the Cabinet would be an obviously hurried and excited thing to do, and excited and hurried things are exactly the things that are most unlikely to come from Senator Harding.

### In His Vacation Mood

I suspect that all the recent predictions and hints that Senator Harding had done certain things or was going to do other things about various subjects, including Mexico, have had no relation to anything that has really gone on in his mind. He is in a serious mood, but nevertheless, a vacation mood. The people who are with him on his vacation are his playtime "buddies" rather than the advisers who will be most to the front when he is acting officially for the Republican party or for the new Administration, although one or two of those with him are hard-headed, sure-footed men, quite capable of giving him sound advice in case of emergency; but I doubt if anything important or conclusive has passed through the Senator's mind about public policy since he started on his recreation trip.

I doubt also whether anything whatever has materialized about his Cabinet. I doubt equally whether anything will happen either as regards his programme or Cabinet until Senator Harding is back in Marion on December 6. For the present the public must be satisfied with what will be the chronicle of a purely recreation trip.

### Decisions After December 6

After the return to Marion on December 6 we may expect to see a succession of conferences with Republican leaders and others, and out of these conferences a steady flow of decision and public announcements about policy and personnel.

The Senate meets in Washington on the same day that Mr. Harding returns to Marion and we may expect to see the Senate working hand-in-hand with the President-elect, the various committees getting ready and even perhaps making some progress on the new programme for taxation and for other subjects of public policy.

The programme will move as fast as it can be made to move, but there never will be speed at the expense of soundness. Senator Harding makes increasingly the impression of sure-footedness, confidence, and the master-ship that is inseparable from a right conception of his office.

UNCLE SAM'S THANKSGIVING TURKEY  
THE BIRD IN HAND WILL KEEP HIM BUSY—THE TWO IN THE BUSH CAN WAIT

## TEN YEARS AGO

(Herald News This Date 1910)

"I'm all right doctor," whispered Jacob Cook, a dying convict to Dr. Clark in the penitentiary hospital Monday morning.

Then he smiled and was dead. Cook was an unusually tall, thin man, being nearly 6 feet 4 inches tall and weighing scarcely more than 150 pound when in good health. He was twice tried here on the charge of criminal assault, the jury on the first trial disagreed, but on the second returned a verdict of guilty.

The trials and conviction took place during the incumbency of E. L. Bush as prosecuting attorney and the case was bitterly contested on both sides.

## SOME PEOPLE HAVE A HARD TIME OF IT

Trying to Get Along With Low Vitality and Weak Blood

NOT FAIR TO THEMSELVES

Pepto-Mangan Builds Rich Red Blood and Restores Strength

If you want to succeed in your work—to get to the top, look first to your health. Be physically fit. Keep your blood in good condition.

If your blood is bad, you lose enthusiasm. Little things bother you. Instead of concentrating on your work you drowse. You try to pull yourself together. It takes all your energy to do just average work.

Perhaps your blood has become clogged with poisons. You are just beginning to feel it. You need the good blood tonic, Pepto-Mangan. It contains ingredients that feed your blood and purify it. You get more red corpuscles. Then your energy comes back and you eat better, feel better, and look better. It shows in your daily work. You get things done without exhausting yourself. You get back to normal—the way you should be.

There is but one genuine Pepto-Mangan and that is "Gude's." It is put up in both liquid and tablet form. Each has the same medicinal value. Ask your druggist for "Gude's" and look for the name "Gude's" on the package. If it is not there, it is not Pepto-Mangan. — Advertisement.

## "I AM DEEPLY THANKFUL FOR WHAT DRECO HAS DONE."

Felt like he was falling he was so dizzy; kidneys kept him up and down all night; bowels constipated; blood was thick and sluggish. Declares Dreco has over come all these troubles.

"I often wonder just how many people in this city are like I used to be; nursing some old chronic trouble; feeling bad and not knowing what to do to get rid of it, said Mr. Geo. A. Schuitz, the well known Court Street tailor of Hamilton, Ohio.

"If their troubles are like mine, I can tell them how to get rid of them," he continued. "I got so dizzy that I felt like I was falling; spots danced before my eyes and I had a vile taste in my mouth; this was my liver I knew. I had pains in my back directly over my kidneys and I had to be jumping up all night long from them. My bowels were badly constipated; my stomach would fill up with gas after every

meal and I was very uncomfortable. I hadn't taken a dozen doses of Dreco (all my bowels had undergone a notable change. The constipation was relieved for the first time in ten years and long with it, the piles also. My food began to digest without all that burning as before. My kidneys became strengthened so that I don't have to get up during the night any more and my bladder irritation has been relieved. I never have a head ache any more. My nerves are steady; the dizzy spells have ceased and my liver thoroughly cleansed. I see much clearer. I go to bed and sleep sound, arising refreshed with a clear head. The pains in my back over my kidneys are gone also. Dreco has changed me from a wornout nervous being to a well and strong human, full of life and energy. I am deeply thankful to Dreco."

All druggists now sell Dreco and it is being especially introduced in Washington C. H. by Frank Christopher.—Advt.

coming winter with a number of de- lightful affairs. The new Social Ses- sion committee is composed of Mr. Warren Hicks, chairman, Mr. Joseph I. Taggart, Secretary and Treasurer, Dr. Charles Roberts and Mr. Charles Brown.

Mrs. William H. Brown closed a series of charming little Bridge par-

ties Friday afternoon. They were beau- tiful affairs with everything admirably carried out for the pleasure of the guests.

On Friday three tables of young women engaged in play, Mrs. Lulu Sheets winning the trophy. An elabo- rate collation was served at the game's close.

White and lavender chrysanthemums formed effective decorations and the smaller variety of the same flower filled bud vases on the tables. A super- erb cluster of the large chrysanthem- ums and the button chrysanthemums in the same tints was presented as the favor.

Mrs. Ralph Penn assisted in the hos- pitalities and Mrs. Helen Pursell Har- vey, of Boise City, Idaho, was an out- of town guest.

Mary Ann Story delightfully enter- tained a dozen of her playmates with a picture show party Saturday after- noon in honor of her eighth birthday.

After the matinee the girls returned to the Story home to enjoy a tempt- ing supper served by Mrs. Willard Story.

Mr. and Mrs. Charles F. Bonham complimented Mr. and Mrs. William Sturgeon and guests, Mr. and Mrs. William Falk (nee Mazie Sturgeon) of Siloam Springs, Kansas by entertain- ing with an enjoyable dinner Sunday.

A very delightful program was given Saturday afternoon at Miss Stin- son's Studio by intermediate pupils.

The judges had difficulty in choosing for the honorary recital the three best of the fifteen performers. The first place was finally accorded Catherine Miller, Marjorie and Dorothy Sparks with Lonise Penner, Juanita Gerstner Helen Combs and Jessie Coll being considered as ties.

The special numbers, Ruth King playing for her mother, Mrs. Hayward King's artistic singing of Perfect Day, and Virginia Garrett at the piano, Lor- en Garrett at the violin ably accom- panied by their mother, Mrs. Homer Garrett on the harp made beautiful and appreciated diversions being num- bers requested for the honorary pro- gram.

As a whole the entire program from point of execution, and expression was one of the best of Miss Stinson's pro- grams, and the large audience was very enthusiastic in it's praises.

Miss Stinson announced the next re- cital for December fourth to be given by fourth grade pupils.

Unique and extremely pretty and in- teresting was the "Trip Around the World" presented by the Y. W. C. A. Saturday evening.

The Y. W. C. A. rooms were trans- formed into a gay and motley scene, picturesque booths portraying the countries of the Orient and Latin Am- erica, and the costumes of each coun- try effectively introduced.

"Mexico and South America" was in charge of Mrs. Anna B. Coffman, as- sisted by Misses Nelle Mark, Virginia Ellies, Mildred Fisher, Dorothy Jones. It was decorated in white with bright colored flowers and curios and Mexi- can drawn work exhibited. The girls gayly costumed served grape juice and wafers.

The Japanese Booth was in charge of the Minnetoska Girl Reserves, their adviser, Miss Fern Sunkle, at the head. In a setting of Japanese hang- ings and lighted by Japanese lanterns the pretty "Jap" girls served tea and wafers.

The Chinese booth was in charge of the Soangetka Girl Reserves, Miss Goldie Baughn in charge. This booth was elaborately decorated in black and orange, with Chinese flaks and Chinese dragons cleverly drawn by a sixth grade pupil. The girls, typically Chinese gave out souvenirs made with Chinese characters and served rice with chopsticks to all who were brave enough to use the sticks. Chinese curios were shown.

The Red Cross room in the rear was decorated and fitted up to represent a Y. W. C. A. Hostess House. Posters on wall illustrating conditions in other lands. Easy chairs, a lamp and victrola made one cosy corner and hot chocolate and wafers were served at pretty tables. In charge here was Miss Mary Minshall, assisted by Misses Gladys Barger, Leola Rogers, Helen Dixon, Lillian English.

Misses Helen Kearney, Anna Lee McFadden, Mable Sunkle Jeanette Haver and Norma Dodd served.

Music was furnished throughout the evening by Miss Helen Dixon, violin. Mrs. Lulu H. Robinson, Misses Gladys Barger and Lillian English at the piano.

Between two and three hundred peo- ple thronged the rooms and were en-

thusiastic in approval of the enter- tainment.

A Thanksgiving menu will be fea- tured in the Tuesday noon day lunch at the Y. W. C. A. this week, and there will also be special music.

Mr. and Mrs. Carl F. Jones of Co- lumbus; Mr. and Mrs. F. W. Skinner and daughters, Misses Louise, Agatha and Marjorie, and Mr. Joe Wolfe of Greenfield, and Mr. George Pickering of this city were guests for a noon day dinner at the country home of Mr. and Mrs. B. W. Wigginton, on the Prairie pike.

### WAS A VETERAN OF M COMPANY

Man Killed at Chillicothe Served with Local Organization and Made Excellent Record.

It was with extreme regret that lo- cal veterans of the M. Company, 166th Infantry, learned of the death of Clarence Mumford, 25, of Clarkesburg, which occurred at Chillicothe Sunday evening, as stated in an Associated Press dispatch to The Herald.

Mumford was a member of M com- pany this city, and his service record was an excellent one. He was wound- ed in the hand.

He enlisted during the first days of the war when M company was being recruited to full strength in prepara- tion to go overseas. Before entering the service he lived on the J. L. Roth- rock farm on the Leesburg pike.

## LOCALS EXPEND LITTLE EFFORT TO WIN VICTORY

Chillicothe High Defeated On Local Field 47 to 0.

Spectacular Playing by Washington Men Features One-Sided Contest.

Chillicothe High was no match for the championship-aspiring Washington High football team at East End park Saturday afternoon and the result was a one sided victory for the locals, 47 to 0.

With the exception of sparkling long end runs by Jonnie Deen, the field generalship displayed by Captain Tommy Rogers, and the smashing tackling of Thompson and Perrill, the game was entirely devoid of features.

It was hardly more than a practice game for the Blue and White. In the last quarter substitutions were made and still the scoring continued.

At right end Sammy Nelson did some good work and showed that he was able to take a pass at any angle. The veteran Flee was the other flank man and he played his usual stellar game although severely handicapped with injuries received last Friday at Circleville.

No gains were made by Chillicothe through the center and guard positions Baker, Davidson and Stewart holding the line with grim force. The two light backfield men, Miller and Deere played a splendid defense and were also in the scoring.

Although outplayed by the Blue and White machine the Chillicothe boys fought hard until the last minute and displayed a brand of clean sportsmanship that was appreciated by the Washington fans.

#### First Quarter

Chillicothe kicked off to Deen who carried the ball fifteen yards. Nelson and Flee, with the backfield men gaining also carried the ball to Chillicothe's ten yard line where the khaki clad boys held for down. On Chillicothe's first play Tackle Thompson tore through the line and threw the ball back for a five yard loss. "Snag" Davidson blocked Chillicothe's attempt to punt and Deen carried the ball through when Washington again took the offense. Flee missed the goal.

Washington was again threatening when the quarter ended with the ball on Chillicothe's thirty yard line. Score Washington 6, Chillicothe 0.

#### Second Quarter

Washington scored twice in the second period. A pass Miller to Flee netted the needed space and Flee carried the touchdown across. Flee missed goal.

Deen went through the line for sixty yards but was called back because he slipped and fell. A minute later Deen went through for the touchdown from the twenty yard line. Deen kicked goal. Score end of half Washington 19, Chillicothe 0.

#### Third Quarter

Miller spotted Chillicothe's only real attempt to score when he tackled an end after he had received a long pass. Washington held for downs on the five yard line.

In the middle of the field Deen punted but Nelson recovered a Chillicothe fumble on the first play. Rogers skipped the ball down the field and across the line in two plays. Deen kicked goal.

Nelson made thirty yards on a pass from Deen. Rogers made two yards and then Heber Deere took the touchdown across. Deen kicked goal. Score end quarter. Washington 33, Chillicothe 0.

#### Fourth Quarter

In the last minute of play in the final quarter Deen intercepted a forward pass and sped away to the goal posts seventy yards away for his third touchdown. Deen kicked goal. A few minutes before Deere had carried the ball across from the one yard line and Deen had kicked this goal.

Final score 47, Chillicothe 0.

## DAYTON POWER CO. ASKS FOR INCREASE

Xenia and all other towns in Greene county are to be charged a higher electric rate by the Dayton Power and Light Company.

The new rate which has been allowed by the State Utilities Commission is 12 cents per kilowatt, subject to a discount of one per cent per kilowatt when paid promptly. The rate is one percent higher than that previously charged in Xenia.

Jamestown refused to grant the new rate until the public utilities commission acted, then the council accepted the increase.

## Grove's Iron Tonic Syrup

Pale Children Need Iron

Iron in Syrup form is more readily digested and assimilated than Iron Pills or Iron Tablets, and naturally you get quicker results. The Iron in GROVE'S IRON TONIC SYRUP is digested as soon as it is swallowed and, therefore, is promptly assimilated. You can soon feel its strengthening, invigorating effect.

The Syrup is flavored and children love to take it. Contains no Nux-vomica or other poisonous drugs, therefore, it can be given to The Babe, The Child, The Mother or The Grandmother with perfect safety. 75c.

## CHAIRMAN ASKS FULL SUPPORT

Campaign For Stadium Funds Ends Friday Evening.

With the Ohio State University stadium fund campaign entering upon its last week ex-students and alumni in Fayette county are making extra efforts to do their share in the drive.

Howard Hegler, chairman of the stadium fund campaign in this county, reported Monday that contributions were slowly coming in and he expressed confidence in the ultimate result when the drive ends Friday evening.

"But it will require the full support of every ex-student and alumni in the county," stated Mr. Hegler, "to put it across."

Those who desire to contribute to the campaign are asked to get in touch with either the county chairman or a prominently identified "Old Grad" before Friday.

Grove's Iron Tonic Syrup. for Pale Children. They love to take it and it is better suited to tender, little stomachs than Iron Tablets or Iron Pills. Absolutely harmless. 75c.—Adv.

# "I'M HAPPY AS A LARK" STATES MRS. HAMBLIN

In Almost Continuous Pain For Seven Years, Galesburg Woman At Last Restored To Splendid Health and Says Tanlac Deserves The Credit.

"Tanlac has built me up to where I am like a different woman and have actually gained twenty-five pounds," said Mrs. G. B. Hamblin, of 653 East Main St., Galesburg, Ill.

"I had hardly had a day free from pain in seven years when I began taking Tanlac. I was so weak and run-down I hardly had enough strength to prepare a meal and was thin and pale. Everything I ate soured and bloated me up with gas till my heart would palpitate something awful.

"My nerves were so unstrung a knock at the door made me jump like I had been shot at. I got so little sleep at night I always got up in the mornings feeling tired and worn out and had to lie down and rest most of the day. I tried so many medicines without getting relief I became discouraged and never expected to be a well woman again.

"But two days of the Tanlac treatment quieted my nerves and I began to sleep better. Within a week I was able to eat a good meal. I gained in weight until now I weigh a hundred and fifty-five pounds, whereas I never did weigh more than a hundred and twenty before I took Tanlac.

"But the best of it is I am feeling so much better in every way. I sleep like a child all night and get up in the mornings feeling as happy as a lark. My nerves are as strong as can be and nothing ever bothers me now. I am not troubled with gas or palpitation of the heart any more and in fact am as well as I ever was in my life. Tanlac has surely proved the greatest blessing of my life and I shall praise it the longest day I live."

Tanlac is sold in Washington by C. S. Haver, in Lowell by Mason's Drug Store, in Jeffersonville by J. B. Davis in Octa by J. W. Murphy and in Mill edgeville, E. L. Ford Sons, Lee Orman, Selden. — Adv

## FOR ITCHING TORTURE

Use Antiseptic Liquid Zemo

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.

Any druggist can supply you with Zemo, which generally overcomes skin diseases, Eczema, itch, pimples, rashes, blackheads, in most cases give way to Zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.

In skin troubles, ordinary soaps are irritating and liable to aggravate the condition. Use Zemo soap. It is antiseptic, soothing and hastens the process of healing.

## A LETTER FOR WOMEN

From a Woman Whose Serious Illness Was Overcome by Lydia E. Pinkham's Vegetable Compound.

Garnett, Kas.—"I first took Lydia E. Pinkham's Vegetable Compound for a complete nervous breakdown following the birth of my oldest child. I got up too soon which caused serious female trouble. I was so weak that I was not able to be on my feet but very little and could not do my housework at all. I had a bad pain in my left side and it would pain terribly if I stepped off a curbstone. One day one of your booklets was thrown in the yard and I read every word in it. There were so many who had been helped by your medicine that I wanted to try it and my husband went to town and got me a bottle. It seemed as though I felt relief after the second dose, so I kept on until I had taken five bottles and by that time I was as well as I could wish. About a year later I gave birth to a two pound boy, and have had two more children since and my health has been fine. If I ever have trouble of any kind I am going to take your medicine for I give it all the praise for my good health. I always recommend your medicine whenever I can."—Mrs. Eva E. Shaw, Garnett, Kansas.

## OIL IN CREEK FOR MANY MILES

Tank of Crude Oil In B. & O. Wreck Is Total Loss.

As a result of an 8,000 gallon tank being bursted when the B. & O. wreck occurred at Bloomingburg, Friday morning, the oil ran into a ditch at the side of the road and then drained into Compton Creek, with the result that for a great many miles down the creek there has been an oily film over the water.

Some farmers along the line were puzzled when they first noticed the pungent odor of the oil and saw it up on the waters of Compton creek, and were inclined to believe that the oil was bubbling forth from their lands.

Whether the oil will kill the fish is not known, but the belief is expressed that inasmuch as it does not mix with water that the fish are safe.

## MISERY BOOM ON IN VIENNA

Vienna, (By Mail)—One of the financial paradoxes of Central Europe has been a boom this autumn on the Vienna stock exchange. Speculation has been on a tremendous scale and stock prices have risen by leaps and bounds. Advances of several hundred points in a single stock occurred in one day's trading. Lucky speculators made millions of kronen from a shoe-string investment.

But Austrians all speak of this boom as the "misery boom" for its basis is the unfavorable state of the kronen exchange, and the rise in prices was a measure of the depressed economic state of the country.

The "misery boom" on the stock exchange was accompanied by conditions of destitution in the city and

country which are unprecedented at that season of the year.

It is hard even for the people of Vienna to realize their plight and to picture what the winter has in store for them. The American visitor, particularly if he is armed with dollars, find an air of surface prosperity about the city. But those who looked beyond the merely superficial learned that the "misery boom" on the stock exchange was merely a gay trapping behind which stalked a gaunt skeleton
